

Mission Statement

Launched in June 2006, Bodo's Power magazine serves the Power Electronics, Power Management, Power Conversion, Intelligent and Embedded Motion Control markets world wide for systems design engineers.

Editorial Planner 2012

Additional events and workshops will be announced in magazine, the e-news-letter and on the web. Important Features indicated by industry will be added on demand in the magazine.

Market is a feature in each issue by different contributing expert.

Guest Editorial is a feature in each issue by different experts from industry.

Technology Review is a feature on demand written by Bodo

Product of the Month is a feature to highlight best performing technology

VIP Interview is a feature on demand
